QIAGEN - FAQ - What are the differences between MDA and DOP ...
www.qiagen.com/faq/faqview.aspx?faqid=665...0...0...
 REPLI-g amplification uses **MDA** (Multiple Displacement Amplification) which is not a PCR-based method. **MDA** is scalable with yields adjustable from ug to mg ...

QIAGEN - Whole Genome Amplification
www.qiagen.com/products/bytechnology/.../criticalfactors.aspx
 Home, Products, Order, Support, About **QIAGEN**, Contact, Careers ... Critical factors that influence PCR and **MDA**. The performance of a PCR to detect specific ...

QIAGEN - FAQ - What is the length of the MDA whole genome...
www.qiagen.com/faq/faqview.aspx?faqid=630...FFPE
MDA-amplified product has an average length of 10-12 kb, enabling Southern Blots, RFLP, and other downstream analyses that require large DNA fragments. ...

QIAGEN - Investigating the utility of combining phi29 whole genome ...
www.qiagen.com/support/references/referenceview.aspx?...1068
 The study investigated Phi 29 Polymerase Multiple Displacement Amplification (**MDA**) -generated DNA product, in combination with highly multiplexed ...

[PDF] REPLI-g Whole Genome Amplification Eliminating Limitations

www.eurogencore.org/.../Setzke%20QIAGEN%20repli-g%20WGA.p...

File Format: PDF/Adobe Acrobat - Quick View

QIAGEN Whole Genome Amplification REPLI-g. Eliminating Sample Limitations. Potential Use for Reference Material. **MDA** Technology. Applications. Protocols ...

Amazon.com: AMPLIFICATION: QIAGEN Acquires MDA Technology...

www.amazon.com/AMPLIFICATION-Acquires.../B00086HH0S

This digital document is an article from Analytic Separations News, published by Business Communications Company, Inc. on October 1, 2004. ...

Multiple Displacement Amplification (MDA) technology Qiagen N.V.

www.life-sciences-germany.com/.../multiple-displacement-amplificati...

Life Sciences Business Intelligence for Germany, Austria and Switzerland.

[PDF] MK-AN-016 Issue 1.1 - Repli-G.indd

www.qiagenotek.com/pdf_files/MKAN016_RepliG.pdf

File Format: PDF/Adobe Acrobat - Quick View

by J Chartier - Related articles

comparative genomic hybridization, RFLP analysis, subcloning, and DNA sequencing (ref. 3, 4, 5). The REPLI-g Kit from **Qiagen** utilizes **MDA** to exponentially ...

Development of a novel whole genome amplification method that ...

www.ncbi.nlm.nih.gov/pubmed/107853

The leading competitor for pWGA is multiple displacement amplification (**MDA**) marketed by GE Healthcare as GenomiP hi(tm) and **Qiagen** as REPLI-g(r). ...
